

3 February 1958

Mr. George L. Pass *Carb*

Dear Mr. Pass:

On behalf of Mr. Dulles, may I thank you for sending us your plan for the design of a satellite.

I am returning your proposal since matters of this nature are outside the jurisdiction of this Agency. However, I would like to suggest that you submit your proposal to the Department of Defense where it can be evaluated.

Your interest and desire to assist in such scientific and technological developments are indeed appreciated.

Sincerely,

Signed

Assistant to the Director
